- remote controls in pull bar enable 100 % concentration on workout

Design

- unique, distinguishable Tunturi design
- enables various muscle power exercises

Features

R60 sales story

The R60 takes the rowing machine to the next generation - it brings a new dimension to training comfort, efficiency and versatility in home fitness! The R60 combines as an effective aerobic workout and a versatile muscle trainer. The console offers preset programs and even heart rate control! The ingenious double-rail construction, soft seat and flexible foot rests inspire to train. The R60 saves space too: the frame can be easily folded.
